Celebrates

**“NATIONAL SCIENCE DAY 2019”**

Date: 28.02.2019

**President**  
Principal Dr. B.D. Khandare

**Chief Guests**  
Dr. R.S. Gaikwad  
Dr. R.B. Kakde

**Co-ordinators**  
Asst. Prof. A.D. Kale and Dr. G.D. Mule

**Principal**  
Swami Vivekanand Sr. College  
MANTHA, Dist. Jalna,

National Science Day is celebrated all over India with great enthusiasm on 28<sup>th</sup> of February every year in order to commemorate the invention of the Raman Effect in India by the Indian physicist, Sir Chandrasekhara Venkata Raman on the same day in the year 1928. For his great success in the field of science in India, Chandrasekhara Venkata Raman was awarded and honored with the Nobel Prize in the Physics in the year 1930.

### **History of National Science Day Celebration in India**

28<sup>th</sup> of February, 1928 was the great day in India when an invention in the field of Indian science was completed by the famous Indian physicist, Sir Chandrasekhara Venkata Raman. He was a Tamil Brahmin and first one in the science, who had researched such invention in India. To commemorate and honor this event always in the future, 28<sup>th</sup> of February was asked to the Indian Government to designate as a National Science Day in India by the National Council for Science and Technology Communication (NCSTC) in the year 1986. From then, the national science day was started celebrating all across the India as a great event in the field of Indian science. It is celebrated every year by students, teachers, scientists and researchers in all the schools, colleges, universities, educational institution including scientific, academic, medical, technical and research institutions of India. This event celebration has provided a real platform for various new comer scientists to fix their feet and bright their career in the science profession. Sir Chandrasekhara Venkata Raman had worked from 1907 to 1933 at the Indian Association for the Cultivation of Science, Kolkata, West Bengal in India during which he had researched on many topics of the Physics from which the Raman Effect (effect on scattering of light when passing through different materials) became his great success and discovery which has been marked in the Indian history. For his big invention he was honored through the various Indian awards including the Nobel Prize in the year 1930. From the year 2013, the "Raman Effect" has been designated as an International Historic Chemical Landmark by The American Chemical Society.

### **How National Science Day is celebrated?**

National science day is celebrated as one of the main science festivals in India every year during which students of the schools and colleges demonstrates various science projects as well as national and state science institutions demonstrates their latest researches. The celebration also includes public speech, radio-TV talk shows, exhibitions of science movie, science exhibition based on themes and concepts, watching night sky, live projects and researches demonstration, debates, quiz

competitions, lectures, science models exhibitions and many more activities. Variety of programmes is also held for the common public and student community to popularize the science and technology in the country. The minister of science and technology give a message through his speech at this day to the students, scientists, researchers and general public of the nation. This year National Science Day-2018 celebration theme is **Science and Technology for Sustainable Future**.

### **Objectives of Celebrating National Science Day**

- National Science Day is being celebrated every year to widely spread a message about the significance of scientific applications in the daily life of the people.
- To display the all the activities, efforts and achievements in the field of science for human welfare.
- To discuss all the issues and implement new technologies for the development of the science.
- To give an opportunity to the scientific minded citizens in the country.
- To encourage the people as well as popularize the Science and Technology.

Keeping this view in mind Department of Science of Swami Vivekanand Senior College, Mantha have celebrated National Science Day-2019 by conducting Student's seminars, Unit tests, Chemistry Talent Test, Science Talent Test by Botany, Chemistry, Physics and Zoology Departments through one week that is from 21 February to 27 February 2019. Inauguration was done by the auspicious hands of President of the programme Dr. B.D. Khandare, Principal, Dr. B.P. Sarwade and Fr. S.K. Kamalkar, Vice Principal, Swami Vivekanand Senior College, Mantha, two Chief guests Dr. R.S. Gaikwad and Dr. R. B. Kakde by offering the garland of flower to the idol of Dr. C.V. Raman. Dr. T.B. Dhodge proposed the preamble of the programme. Prizes were distributed to the winners of different competitions by the hands of dignitaries.
